CHAPTER 1: THE HEADACHE

A lighting love, even if we trade our lives for it, there's still no repay

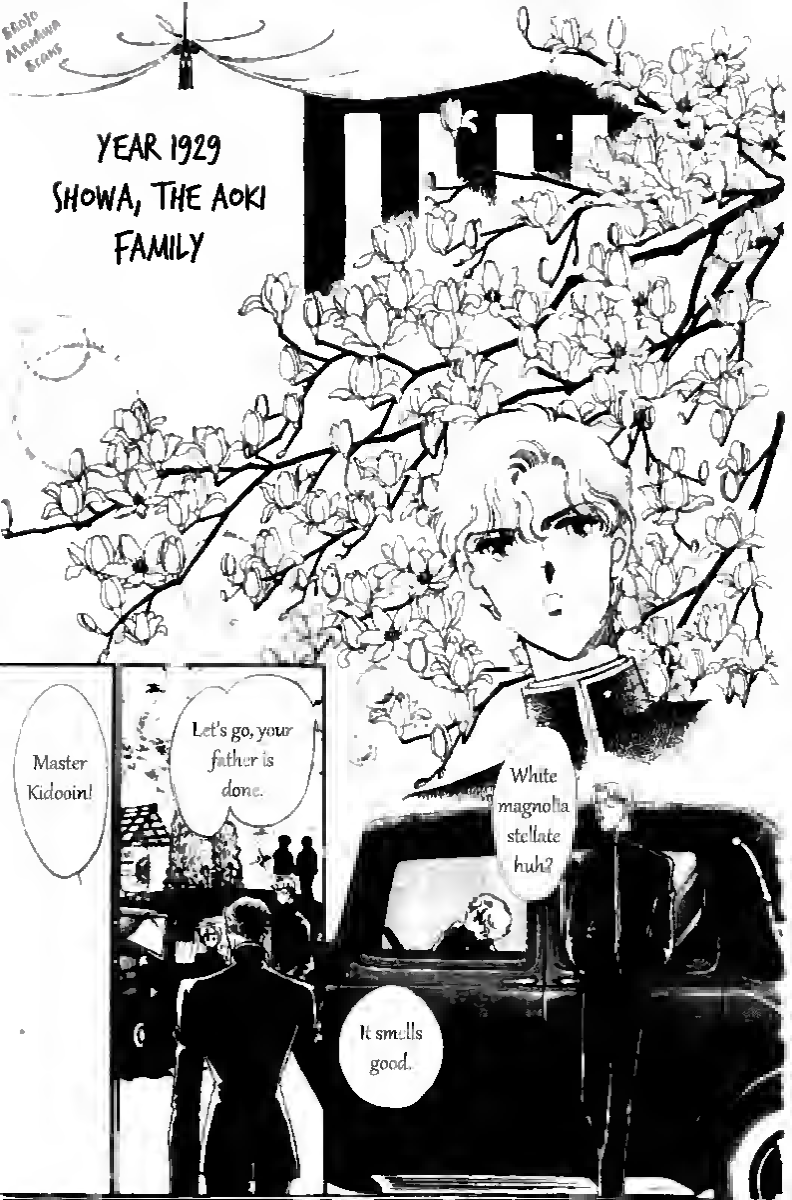
In my life I myself have witness that kind of love

It was a beautiful young lady who was 16 yrs old in a white dress

Who always chased after the Valse song in her life

第1話 序曲

PART 1: THE HEADACHE



Baojo Akadou Erans
YEAR 1929
SHOWA, THE AOKI FAMILY
Master Kidooin!
Let's go, your father is done.
White magnolia stellate huh?
It smells good.

Thank you for coming to my mother's funeral
I believe my mom will be very happy,
in the Kudoom family my father only has you, uncle.
You are the only one who's always cared about... my family.
When that time comes, please marry Ryuichi.
Koto six years from now when you're 16 years old. I wish you'll become a daughter in my house.
Father?

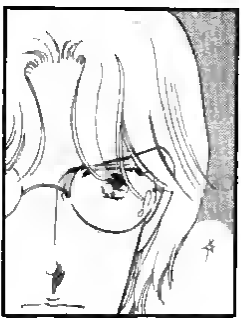
Wait until she's 16yrs old,
she'll be as pretty as an angel just like her mother.
How's she pretty father? She's just a kid who's the same age as Hanako.
Vroom, Vroom
Just listen to me, and you won't have to regret a thing
You'll have to be the best in
The army and marry the most beautiful girl
because you're the oldest son in the Kidoon family with the most
from today onwards
Brother Ryuichi.

Where are you going?
Did father hit you?
Yes, because I couldn't meet his expectations
Are you going to abandon me and Hanako?
I'm not fit to be a solider, I've finally gained my freedom even father has given up.
I hope you'll do a good job as the Kiddom's oldest son, all the responsibility will now be yours

I'll try my best
so everyone will acknowledge me
If that's what you want
I don't care, I'll help father fulfil his wish
He cares about Koto, it's because when he was young, he once got rejected by her mother who went with Aoki.
So now all the responsibility is mine to take care of, and I'll also have to marry that girl.
Masaomi
Masaomi! You don't have to do everything father says!

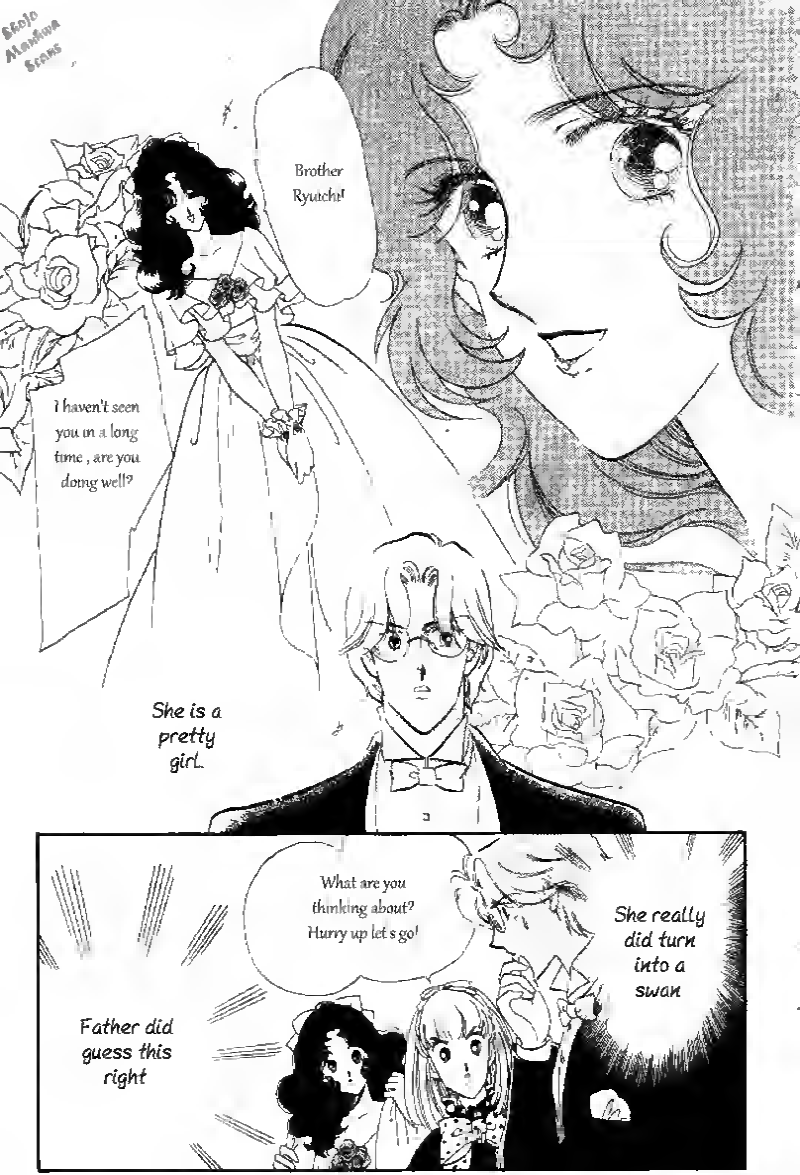
It's been Six years now and I'm working in a trading company and living a simple life.
Hello
Hanako?

Do you want to join tonight's party at the British Embassy?
I can go to see uncle Aoki. Is Koto coming?
Understood I'll come to pick you two up



Koto...
She's already engaged to Masoami!

I'm really worried about Masaomi because his personality is too straight forward
Ryu.
But that's better for me!
The important thing right now is my freedom



Brother Ryuichi!
I haven't seen you in a long time, are you doing well?
She is a pretty girl.
What are you thinking about? Hurry up let's go!
She really did turn into a swan
Father did guess this right

Fantastic! It's fantastic!
I didn't waste my effort in coming here! There're so many different kind of British dresses
Koto you like western clothes that much?
Of course, Our house has always dreamed of western outfit!

I'll also make my own wedding dress.
My dream is to own 30 of those dress hand made by me and to wear them in my first dance
That's good.
Well one of the wishes did come true, this dress is handmade by me
It would be wonderful if that dream comes true
Ryuichi you're thinking that after I get married into the Kudooin family all those wishes won't come true right?
Koto, do you hate Masaomi?
But i won't give up because i have finally found my path in life

Never! There's no girl who could hate Masaomi! He's good at everything everyone is envious of him they call him the Ice Prince

Ha, Ha

Koto is really good

Brother!

I hope you could keep that innocent and bright personality and turn him into a good person.

I could happily hand Masaomi to her.

Come here lets switch dresses Hanako!

I'm supposed to help the madam but now I'm like this!

I need to leave!

Hanako?

My dress... the fire place have burnt my dress!

The whole story changed because of Hanako burnt dress

The three of them Koto, Masaomi, and the other man's lives changed after this ball.

It's close to here!
A gun shot!
Everyone don't worry! , There's an intruder! , The security will get him right now so everyone please calm down!

Shojo Manga Scans

After switching clothes in the glass room I didn't see her
Hanako! Do you see Koto?
The Valse song is palying right now, so everyone dance!
Don't know when but the Valse music has risen
Hanako is too much...
Hanako!
Ryu look!
The two of them have come together
Koto is dancing with an unknown man!

Shojo

He's wearing a British uniform so maybe he's a European noble.
No if you look closely...
She's Masaomi fiancée but she's been dancing with a western man with 3 different song!
He's so handsome!

Shojo Manhua Series
You're the supervisor! Go stop them now!
They're leaving!
Please let us pass
Sorry

Shojo Manhwa Scans

Bam
Koto leave that person right now!
Why are you and him... I'm not eavesdropping but.
I was pretending to dance with him so I can hide his wound it's bleeding.
Ruyichi help me!

Aren't you exaggerating?
He got shot in the stomach, everyone is looking for him right now.
He needs to get out of here without getting caught!We need to treat the wound, or else he'll die!
2 is the Indian independence soldier in army
I'm in 2 organizations, 1 is the lieutenant for England William Sazit Aster
If he's caught he'll get a death sentence
England independence solider?

It'll hurt more if I scream
If it hurts more then you have to smile, that's my style.
Sazit does it hurt? Don't hold it in and scream if it does.
Because Koto helped the handsome Sazit out of the British Embassy.
I used the little medical talent I have and took out the bullet inside his body
A surgery without anaesthetic will hurt a lot
If the doctor doesn't know where you're hurt then he might accidentally kill you!

His father is a British man who works for the Indian. And his mother is a rich woman in India. Even though he's considered as a noble his status is very complicated

Shojo Manga Scans

Of course.
It's all thanks to you
I won't forget this
I realized that moment that both of them had deep feelings for each other
I've finished
Koto
...
I'm thinking about you and Masaomi...
Do you understand?
From now on don't get close to him.
I feel that Koto understood me

Thanks from the author
(1) Hi to all the first time readers (A). All the previous readers to my other mangas (B) All the readers that have read the previous The white Valse (C)
This manga is prefer for more reader (c) because it's based on the white Valse previous manga. Anymore for the rest of the readers it's also ok to read it even though some of you might didn't see the previous one yet This manga is very similar to the previous one but there is a difference.

All the Asian countries faced each other and the enemy was England

After Japan invaded China

If there's a young lady who's engage with a British man then she was in trouble
